

Quiet Riot, Don't Think So

[Verse 1:]

You sucked religion from my life
When we met I believed you were hell
take the knife from my back
I know you'll use it again
Dont Think Of Me
I wont think of you
Dont Think Of Me
I wont think of you
You dont give
You just take
You dont give
You just break

[Verse 2:]

We were never friends
a one act play
I had to stop pretending
My heart dont ache since youve been gone
Its like you never left
Dont Think Of Me
I wont think of you
Dont Think Of Me
I wont think of you
You dont give
You just take
You dont give
You just take

[Bridge:]

My time and my money but money aint love no
The evil within shines without a light
I know what I see and I mean what I say
