

Quietdrive, Kissing Your Lips

a little piece in my life
is all i need to get me by
but of course one or two more things would make me satisfied
but right about now
i'm sitting down
with a girl who thinks she's found
something more
i don't know
a little sister can't be sure

-listen-

i just like kissing your lips
my darling girl
i know that's not what love is
so why can't i
get mine and you get yours
so we both know what we're still waiting

just run away
go back home
suburban life can't be that bored
take your pills
wash em down
with some coffee and some crown
just gimme a kiss with those lips
can you let me grab your hips
make me stop
i don't know
if i can do that on my own

-sugar-

here we are we're going through the motions
doesn't mean we're promising devotion
please don't ask me
please don't tell me no
this is love

a cigarette is what i need
because after this i should believe
this is love understand
that you'll have to tell your man
