

R.E.M., All The Right Friends

I know you say
Maybe some day
I need never be alone
I know I say
It's the right way
But you'll never be the one

I've been so alone now
For a long long, long time
I don't wanna hang out now
With the folks that just stopped by

While you party
You've been looking
But your searching never ends
You've been going
With the wrong crowd
You've got all the right friends

I've been walking alone now
For a long, long time
I don't want to spend now
With the folks...that just aren't mine

I don't wanna be with you anymore
I just don't want you anymore
I don't wanna be with you anymore
I just don't want you anymore

Rave on!
Fall to...fall to...fall to...fall too
Fall to...fall to...fall to...fall too

I don't wanna be with you anymore
I just don't want you anymore
I don't wanna be with you anymore
I just don't want you anymore

I know you say
Maybe some day
I need never be alone
I know I say it's the right way,
But you'll never be alone

I've been walking alone now
For a long long time
I don't gotta hang out
With the folks that just aren't mine

I don't wanna be with you anymore
I just don't want you anymore
I don't wanna be with you anymore
I just don't want you anymore
