

# R.E.M., You're In The Air

You wanted a challenge  
That's calling you higher  
I landed on my feet crawling  
I remember standing alone trying to forget you idling  
I hate to admit that that's my reference point  
But there it is  
You say you want me

I'm what you found  
I'm upside down  
You're in the air  
You're in the air  
And I am breathing

Brighten the stars  
The weather is lifting  
The heavens love  
A love like this  
It's pulling you higher  
Twist it and turn this around  
It lights from within  
It dribbles your chin  
Now brings a smile  
I'm lost again  
I'm lost again

I'm what you found  
I'm upside down  
You're in the air  
You're in the air  
And I am breathing

I want the stars to know they've won  
If only to beguile  
The sky has opened up again  
In heaven reconciled  
I want you naked  
I want you wild  
I want the stars to know they win  
Give me that smile  
Just give it me  
Just turn it on  
I'm lost again

I'm what you found  
I'm upside down  
You're in the air  
I'm what you found  
I'm upside down  
You're in the air  
I'm what you found  
I'm upside down  
You're everywhere  
You're in the air  
And I am breathing you
