

# R. Kelly, Help! I Need To Know

Chorus:

You bring me joy  
Night and day  
Girl you and me should getaway  
I got a special hideaway  
Where you and me can be alone

Verse 1:

Oooo, baby this love making is so good that I can't picture myself with no one else  
And girl God is good because he put you here just for myself

The way to walk and dress, your smile, your grace and sex  
Tonight nothing's gonna come between us but sex

Chorus:

You bring me joy  
Night and day  
Girl you and me should getaway  
I got a special hideaway  
Where you and me can be alone  
Imagine you and me naked

Bridge:

Like a mountain  
Girl I'm gonna climb all on top of you

Like a river  
I'm gonna be flowing all over you girl

And like a horsey  
I'm gonna saddle up a ride you girl

Like a something  
Something again

And our bodies shiver  
Oooooo

Heaven must have sent your love to me  
Cause when I look at you heaven is all I see

Chorus
