

Radiatorama, Ninna Ninna Oh

It's not easy to tell you what I feel
It is not just a simple thing
Let me be your love
Let me be your love...
I was falling in love, you looked so nice
Am I going to break the ice
And to be your love
And to be your love...

When I think of you, my babe I feel the heat
And I don't care about the world outside
The world outside...

Oh ninna ninna oh...
Oh ninna ninna oh...
What can I do, what can I do
Oh ninna ninna oh...
Oh ninna ninna oh...

Without your love I'm gonna cry...

Every night I will dream your love again
You want go and I play the game
Just to be your love
Just to be your love
Are you feeling the flame of love inside
Do you want this heart of mine
Wanna be your love
Wanna be your love

Oh ninna ninna oh...
Oh ninna ninna oh...
What can I do, what can I do
Oh ninna ninna oh...
Oh ninna ninna oh...
Without out your love, without your smile...
