

# Rage, Chase (Bonus Track)

Murder, you've murdered my love  
Senseless you wasted her life  
Power I need for revenge  
My pain you can't comprehend

No! you've turned off the light of my life  
I'll wait for my chance

I will hunt you 'till death  
Strike you down on the chase  
If it takes my last breath  
I'll strike you down an the chase  
Strike you down

No break 'till I've switched you off  
I'll give you what you gave my love  
My mind it needs to be cleansed  
I'll get you - you know what that means

No! you've turned off the light of my life  
I'll wait for my chance

I will hunt you 'till death  
Strike you down on the chase  
If it takes my last breath  
I'll strike you down an the chase  
Strike you down
