

# Rage, Drop Dead!

Sometimes I'm pretending about being something else  
'Cause I cannot stand it anymore  
Misanthropy might not work but I can't help myself  
Human kind is rotten to the core

Evolution's dead, go back to hell  
Demolition man, we're all to blame

Root it out &#8211; drop dead  
This could be a better world  
Go away &#8211; drop dead  
Root it out &#8211; drop dead  
May return a better man  
Go away &#8211; drop dead

Have you ever thought of how good nature runs itself  
This world doesn't need one of our rules  
Everyone just swallows till a perfect thing is dead  
The most stupid's king of all the fools

Evolution's dead, go back to hell  
Demolition man, we're all to blame

Root it out &#8211; drop dead  
This could be a better world  
Go away &#8211; drop dead  
Root it out &#8211; drop dead  
May return a better man  
Go away &#8211; drop dead
