

Rainy Milo, Rats

Can't feel the running on your mind
Til your young

Just remember that your mine
Just remember that your mine
Is cool if you are gone and now
Just remember your mine
Tell you what you need the ways are wrong
Let all since but keep me on your side
/2x

Zippping honey telling you to be
And all the things I say comes a
Bright green in your eyes
Is cool if you are gone but now
Just remember your mine
Tell you what you need the ways are wrong
Let all since but keep me on your side

Just remember that your mine
Just remember that your mine
Is cool if you are gone and now
Just remember your mine
Tell you what you need the ways are wrong
Let all since but keep me on your side
/2x
