

# Ramones, Apeman Hop

He's got so many problems  
You can count them one by one  
He's a filthy, stupid apeman  
He never has any fun  
He lives in the jungle in a cave by a hill  
Plays an old loud drum  
He's primitive, barely human

Apeman hop, apeman hop

Paint the face of a demon, glowing by the fire light  
Hoppin' like an elephant  
Thunderin' like me tonight  
He's the world's worst recycler  
The iceman comes a lot  
He's the devil's apprentice  
He's a prehistoric man

Apeman hop, apeman hop

At night he's gonna sacrifice his beloved apeman girl  
Tie her to the alter, pull out her heart and eat her flesh

Apeman hop, apeman hop, apeman hop, apeman hop  
Apeman
