

Randy Crawford, You Might Need Somebody

When somebody reaches for your heart
open up and let them through
everybody needs someone around
things can tumble down on you

You discover when you look around
you don't have to be alone
just one lover is all you need to know
when you're feeling all alone

2 xoh oh you might need somebody
you might need somebody, too
(you might need somebody too)

If there's fire stolen in you're heart
and you're shure it's wrong and right
she'd be blinded through the cold and I
it can warm you're lonley nights
Yeah
