Randy Newman, Political Science

No one likes us-I don't know why We may not be perfect, but heaven knows we try But all around even our old friends put us down Lets drop the big one and see what happens We give them money-But are they grateful? No, they're spiteful and they're hateful They don't respect us-so lets surprise them We'll drop the big one and pulverize them Asia's crowded and Europe's too old Africa is far too hot And Canada's too cold And South America stole our name Let's drop the big one There'll be no one left to blame us We'll save Australia Don't wanna hurt no kangaroo We'll build an All American amusement park there They got surfin too Boom goes London and boom Paree More room for you and more room for me And every city the whole world round Will just be another American town Oh how peaceful it will be We'll set everybody free You'll wear a Japanese kimono And there'll be Italian shoes for me They all hate us anyhow So lets drop the big one now Let's drop the big one now
