

# Rascal Flatts, Here

There's a place I've been looking for  
That took me in and out of buildings  
Behind windows, walls and doors  
And I thought I found it  
Couple times even settled down  
And I'd hand around just long enough  
To find my way back out  
I know now the place that I was trying to reach  
Was you right here in front of me

And I wouldn't change a thing  
I'd walk right back through the rain  
Back to every broken heart  
On the day that it was breaking  
And I'd relive all the years  
And be thankful for the tears  
I've cried with every stumbled step  
That led to you and got me here, right here

It's amazing, what I let my heart go through  
To get me where it got me  
In this moment here with you  
And it passed me by  
God knows how many times  
I was so caught up in holding  
What I never thought I'd find  
I know now, there's a million roads  
I had to take  
To get me in your arms that way

And I wouldn't change a thing  
I'd walk right back through the rain  
Back to every broken heart  
On the day that it was breaking  
And I'd relive all the years  
And be thankful for the tears  
I've cried with every stumbled step  
That led to you and got me here, right here

In a love I never thought I'd get to get to  
Here  
And if that's the road  
God made me take to be with you

And I wouldn't change a thing  
I'd walk right back through the rain  
Back to every broken heart  
On the day that it was breaking  
And I'd relive all the years  
And be thankful for the tears  
I've cried with every stumbled step  
That led to you and got me here, right here

And I'd relive all the years  
And be thankful for all the tears  
I've cried with every stumbled step  
That led to you and got me here, right here

Oh, baby oh  
Oh, got me here
