

Rawski & iRobot, Push The Beat (feat. Novika)

Give the vibe to the floor now
That just walk on it
Push the bit a little higher
We're like taking it

Give the vibe to the floor now
It's now your turn
Push the bit a little higher
Never be the same

Take a while when you want to do side on
Something that make a change
We'd better stop hoping someone could help us
Coz in the end we'll be just by yourself

Lousing direction
It's nothing new
Finding new power
It's gonna make it true
Gonna feel it in the air

Give the vibe to the floor now
That just walk on it
Push the bit a little higher
We're like taking it

Give the vibe to the floor now
It's now your turn
Push the bit a little higher
Never be the same
