

# Ray Charles, Give Her A Kiss

[Lady Frog]

Don't you feel the thrill of something  
Something, something in the air?

[Man Frog]

Your eyes entice  
I mean they're nice.  
I admire your dress, your perfume  
And the way you dress your hair!  
That's where it ends!  
I mean we're friends!

[Birds, Bees, Etc.]

Give her a kiss  
Face the issue,  
Give her a kiss  
Make her kiss you  
She'll adore it-  
Thank you for it.  
Give her a kiss  
Why have you lips?  
Give her a kiss  
Press those two lips.  
She's so lovely-  
Give her a kiss  
Take the lady by storm  
You know you can  
She'll reply with a warm  
"Man, you're my man"  
How can you miss?  
She will soften,  
Chances like this  
Don't come often.  
Now or never  
Give her a kiss.  
Take the lady by storm  
You know you can  
She'll reply with a warm  
"Man, you're my man"  
How can you miss?  
You can make it,  
Give her a kiss.  
She can take it,  
Now or never  
Give her a kiss.
