

# Ray Charles, I Love You, I Love You (I Will Never

I live only for you my love  
Just as sure as the stars above  
I love you, I love you, I always will  
I will not let you go

I dream only of you my love  
You're the only girl that I ever think of  
I love you, I love you, 'n I always will  
I will not let you go

Sometimes when I am lonely  
Have nothing to do or say  
Thinking of you only  
Helps to pass my lonely time away

I'd like to sit around and sing to you my love  
Just moan like a mourning dove  
You see, I love you, I love you, I always will  
I will not let you . . .

{solos}

Sometimes when I am lonely  
Have nothing to do or say  
Thinking of you only  
Helps to pass my lonely time away

I'd like to sing to you my love  
Just hum like a mourning dove  
Oh, I love you, I crave you, 'n I always will  
I will not let you go, no, no!  
I will not let you go
