## Ray Charles, That's Where It's At

Lights turned way down low And music soft and slow With someone you love so

That's where it's at

Your world turned upside down

You make not a sound

No one else around

That's where it's at

Your heart, beating fast

You're knowing that time will pass

But hoping that it lasts

That's where it's at

That's where it's at

Pretty baby

That's where it's at

Whoa, yes it is

That's where it's at

Pretty baby

That's where it's at

Oh yeah

Let me tell you this one thing

To say, "It's time to go"

And she says, " Yes, I know, but just stay one minute more"

That's where it's at

Oh let me say it one more time

That's where it's at

Pretty baby

That's where it's at

I know that's where it's at

That's where it's at

Pretty baby

That's where it's at
