

Ray Wilson & Stiltskin, First Day Of Change

She erupted always another day
Don't be hard on yourself
You wake up and dust yourself down
You say "Never again".

Forget it, it's too late now
If still got me as your friend
So why don't you come and stay in the night?
It's better for you that way.

Focus on love, focus on real
I know that you're a friend of mine.

You need a little time for yourself
You know where to find me
You need a little hope for your soul
Give me a call
No love in darkness, only in life, only in life.
Today is the first day of change.

Try to remember, try not to regret
No one never said, peace was easy to get
Someday you'll be lonely and I will appear
Just like a ghost, don't feel me.

Forget it, it's too late now
If still got me as your friend
So why don't you come and stay in the night?
It's better for you that way.

Focus on love, focus on real
Just know that you're a friend of mine.

You need a little time for yourself
You know where to find me
You need a little hope for your soul
Give me a call
No love in darkness, only in life, only in life.
Today is the first day of change.

Focus on love, focus on real
And give yourself a chance next time.

You need a little time for yourself
You know where to find me
You need a little hope for your soul
Just give me a call
No love in darkness, only in life, only in life.
Today is the first day of change.
