

Razorlight, I Can't Stop This Feeling I've Got

I can't stop this feeling I've got,
I know who I am and I know what I'm not,
I know where I've been and I know what I've lost
But I can't stop this feeling I've got
Wasn't looking ahead and I heard
Didn't I see, didn't I learn
And I don't know what you mean to me
But I'm starting to think it's just a mystery

I can't stop this feeling I've got,
I know who I am and I know what I'm not
I know where I've been and I know what I've lost
But I can't stop this feeling I've got
Wasn't looking ahead and I heard
Didn't I see, didn't I learn

I may be right you may disagree
But I'm starting to think it's just a mystery
Whatever it is it's just a mystery

Ah you don't really look so easy
You spend a lifetime looking for someone
And then they come and you're just so uneasy
You get the feeling that if I don't come
Then there's one more story to be on your way

And I can't stop this feeling I've got,
I know who I am and I know what I'm not
I know where I've been and I know what I've lost
But I can't stop this feeling I've got

The sky may fall the sea may split
You may say that isn't it
I may be right you may disagree
Same old story same old me
And I don't know what you mean to me
But I'm starting to think it's just a mystery
I've got to admit it's just a mystery
