

Reba McEntire, Faith In Love

Verse 1:

Reba

You felt this coming on, you've seen it for a while.

But there are no regrets between us, we can leave here with a smile.

We have to talk about it, what we've always known.

The hardest part about today, is tonight we'll be alone.

Chorus:

We were just two hearts, bound for different roads.

Why they didn't lead us to forever, we may never know.

[Reba] Oh, I will carry you with me,

[Rascal Flatts] I will hold on to our memories.

Don't let the dreams we didn't find make you feel like giving up.

Keep holding on and don't lose your faith in love.

Verse 2:

Rascal Flatts

Life's gonna move on and the pages have to turn.

We'll be stronger people now, from the lessons that we learned.

This one's gonna hurt, it's a little deeper break.

But just know I'm praying for you, as I watch you walk away.

~Repeat chorus~

[Reba] It can hold you, it can save you.

[Rascal Flatts] From anything or anyone.

[Reba] Heaven knows who's waiting for you, [Rascal Flatts] when two hearts come undone.

[Reba] Oh I will carry you with me,

[Rascal Flatts] I will hold on to our memories.

Don't let the dreams we didn't find make you feel like giving up.

Keep holding on, and don't lose your faith.

[Reba] Oh, never, ever lose your faith in love,

[Reba] Don't ever lose your faith
