

Reba McEntire, Gonna Love Ya

(r. carnes, s. drake)

Chorus:

Gonna love ya till the cows come home
Gonna love ya baby all night long
Gonna love ya lordy me oh my
Gonna love ya till the day I die

Take your time morning is far away
And the moon's leaning into the night
So we won't be needing the light

So (repeat chorus)

Now you're mine
There's no chance to run away
While the stars are all turning to you
Tell you what I'm gonna do

Oh(repeat chorus)

Tell me now
It's love that you're feeling
Fill my soul like you're filling my arms

Oh(repeat chorus x2)
