Reba McEntire, I Like It That Way

(Robert Jason)

I've got someone in my life Who loves me wrong or right And I like it that way He gives me room to breathe But he's there for me And I like it that way I like it that way

I like the way he says me name And how he's not afraid To open up and let his feelings show He's exactly what I need He loves me honestly One look in his eyes Tells me all I need to me know

When he's on overtime
I get that little ache inside
And I like it that way
We're as close as two can be
But he's still him and I'm still me
And I like it that way
Yeah, I like it that way
