

Reba McEntire, I've Seen Better Days

(Red Lane/Danny Morrison)

The sun is shining down
There's not one cloud around
Morning hits me
Where I lay

Everything was green
A perfect day it seems
Yeah he's got everything his way
Oh but I've seen better days
I've seen better days

When the rain was pouring down
And he had his loving arms wrapped around me
I've seen better days

The neighbors come and go
They smile and wave hello
And all the kids are out to play

Lollipops and good times
They look so much like mine
But he has taken mine away
Oh and I've seen better days
Lord I've seen better days

When the rain was pouring down
And he had his loving arms wrapped around me
I've seen better days

Oh Lord I miss 'em
I've seen better days
