

Reba McEntire, It's Not Over

You can tell everyone
Love is over and done
You can pack all your things and go

You can lie to yourself
And say that there's nothing left
But there's something that I like you to know

Chorus:
It's never really over
Even though you say we're through
You may be holding me

But can't you see
It's not over if I'm not over you

There's not much I can do
If it's over for you
I'll just wish you the best
When you leave
But you played such a part
In my life and in my heart
You'll always be part of me

Repeat chorus
