

Reba McEntire, Make Me Feel Like A Woman Wa

(Dana Collins)

Open up your arms to me
Come and hold me tenderly
Let me know your love for me is real
And love me like there's no tomorrow
Share my joys and share my sorrow
Make me feel like a woman wants to feel

I know you love me cause you told me so
But that ain't enough cause I want to be shown
Make me feel like a woman wants to feel
And let me know you miss me when I'm not around
Go ahead and kiss me when I'm feeling down
Make me feel like a woman wants to feel

I know you love me cause you told me so
But that ain't enough cause I want to be shown
Make me feel like a woman wants to feel
And let me know you miss me when I'm not around
Go ahead and kiss me when I'm feeling down
Make me feel like a woman wants to feel

Love me like I want to be loved
Let me know I'm the one you dream of
Make me feel like a woman wants to feel
Make me feel like a woman wants to feel
