Reba McEntire, Night Life

(W. Nelson/P. Buskirk/W. Breeland)

When the evenin' Sun goes down You can find me Hangin' around Oh the night life Ain't no good life But it's my life

Many people
Just like me
Dreaming of
Old used to be's
Oh the night life
It ain't no good life
But it's my life

Oh listen to the blues they're playin' Oh listen to what the blues are sayin'

Mine is just Another scheme In a world Of broken dreams Oh the night life It ain't no good life But it's my life

(Play me some blues boys)

Oh listen to the blues they're playin' Oh listen to what the blues are sayin'

When the evenin'
Sun goes down
You can find me
Hangin' around
Oh the night life
It ain't no good life
But it's my life

The night life Ain't no good life But it's my life
