

# Reba McEntire, With You I Am

It's feelin so right to me  
Hearin your voice sayin my name  
It's feelin so right to me  
Holdin you here, there's nothin I'd change  
It's feelin so good to know  
I can let my true heart show  
It's what I've been waiting for  
I've never been so sure

chorus

With you I am free to be myself  
With you I can trust somebody else  
With you I show the deepest part of who I am  
With you I learned the meaning of  
giving it all and being in love

With every step

With every breath

With You I Am

It's feelin so right to me  
Dancin with you here in the dark  
It's feelin so right to me  
showin you how important you are  
You make it so easy to open up my heart to you  
I never have to hide the way I feel inside

chorus

With you I am free to be myself  
With you I can trust somebody else
