

# Red Hot Chili Peppers, Black Summer

A lazy rain am I  
The skies refuse to cry  
Cremation takes its piece of your supply  
The night is dressed like noon  
A sailor spoke too soon  
And China's on the dark side of the moon  
(Hear me now)

Platypus are a few  
The secret life of Roo  
A personality I never knew  
(Get it on)  
My crater weighs a ton  
The archer's on the run  
And no one stands alone behind the sun

It's been a long time since I made a new friend  
Waitin' on another black summer to end  
It's been a long time and you never know when  
Waitin' on another black summer to end

Back the flaming whip  
Are sailin' on our censorship  
Riding on a headless horse to make the trip

It's been a long time since I made a new friend  
Waitin' on another black summer to end  
It's been a long time and you never know when  
Waitin' on another black summer to end

I've been waitin', I've been waitin'  
Waitin' on another black summer to end  
I've been waitin', I've been waitin'  
Waitin' on another black summer to end  
I've been waitin', I've been waitin'  
Waitin' on another black summer to end
