Red Hot Chili Peppers, Purple Stain

To finger paint is not a sin
I put my middle finger in
Your monthly blood is what I win
I'm in your house now let me spin

Python power straight from Monty Celluloid love got a John Frusciante Spread your head and spread the blanket She's too free I'm the patient

Black and white red and blue Things that look good on you And if I scream don't let me go A purple stain - I know

Knock on wood we all stay good 'Cause we all live in Hollywood With Dracula and Darla Hood Unspoken words were understood

Up to my ass in alligators Let's get it on with alligator haters Did what you did - did what you said What's the point yo what's the spread

Black and white red and blue
Things that look good on you
And if I scream don't let me go
A purple stain - I know
And if I call for you to stay
Come hit the funk on your way
It's the way out there but I don't care
'Cause this is where I go

Knock on wood we all stay good 'Cause we all live in Hollywood With Dracula and Darla Hood Unspoken words were understood

It's way out there But I don't care 'Cause this is what I want to wear

Knock on wood we all stay good 'Cause we all live in Hollywood

To finger paint is not a sin
I put my middle finger in
Your monthly blood is what I win
I'm in your house now let me spin

Feather light but you can't move this Farley is and angel and I can prove this Purple is the stain upon my pillow Let's sleep weeping willow

Black and white red and blue Things that look good on you And if I scream don't let me go A purple stain - I know And if I call for you to stay Come hit the funk on your way It's way out there but I don't care 'Cause this is where - I go

Knock on wood we all stay good 'Cause we all live in Hollywood With Dracula and Darla Hood Unspoken words were understood

It's way out there
But I don't care
'Cause this is what
I want to wear

Knock on wood we all stay good 'Cause we all live in Hollywood
