Just one look from me lights out

Watch em hit the ground

Got em like ooh ooh (Oh-eh-oh-eh-oh)

Running through your mind

Get you hooked, I'll have you shedding tears (Uh)

Oh baby my apologies (Woo)

The more you wanna fight that (Fight that)

The more I will pull you right back (Cuz I)

Cuz I, I know how to make the devil cry (Devil cry)

Break em down looking in my eyes

To be free and open your mind

Falling in deep so hard to breathe  
It's only a matter of time

Baby I think you should know  
That I ain't like all the others (Ain't like others)  
I'm making you fall  
[I/Wen] I'm making you fall to your knees

Every time I come around (Ooh)  
Notha bad boy down  
Got em like ooh ooh (Oh-eh-oh-eh-oh)  
Hit em with my love like ooh ooh (Ooh) (Oh-eh-oh-eh-oh)  
But they come back another round

Just one look from me lights out (Just one look from me)  
Watch em hit the ground  
Got em like ooh ooh (Oh-eh-oh-eh-oh)  
Hit em with my love like ooh ooh (Oh-eh-oh-eh-oh)  
I shot another bad boy down
