

Redfoo, Juicy Wiggle

I walk into the part
I've seen something I never saw
Everybody was moving, grooving
Girls, they were dancing on the bar
Now this was no ordinary dance
Hey man, why does everybody swim in a trance?
I couldn't figure out like your grandpa's riddle
I asked: "What they doing?" and they said: "Juicy wiggle"
Now move your hips and dance like this!

Get juicy, get juicy, get juicy
Get juicy, get juicy, get juicy

Now I done just lost my mind
All those people wiggling they stuff
"Hey man, you gonna do the dance?"
"Man, turn that up for what
Give me a shot, I love the shot"
Tell them get ready for me
To show you what I got
Then my body froze up, it was getting to my head
What if I can't do it, then everybody say
Get juicy, get juicy, get juicy!
Two girls are shaking
And I jumped in the middle
I asked: "What they doing?" and they said: "Juicy wiggle"

Get juicy, get juicy, get juicy
Get juicy, get juicy, get juicy

Right about now, we really gonna have some fun
(Oh, yeah?)
I'm talking about taking Irene
But first I need some wolves if you want
And a match
Time to light it up, let's go now!

Get juicy, get juicy, get juicy
Aim to let you know we're making it jiggle
So when the beat drops everybody juicy wiggle

Get juicy, get juicy, get juicy
Get juicy, get juicy, get juicy
