

# Redfoo, New Thang

Oh, the way that you pop, girl  
Makes me go cray, show me whachya got, girl!  
You could be my new thang  
Oh, the way that you move  
Makes me go cray, do ya luv that drop, girl?

I heard it's yo birthday  
Grab a drink if ya thirsty  
I can see that ya need an OG  
That can do ya the beast and the worst way  
Pop it like a go-go  
Drop it like a low-low  
What's that? It's a go-pro?  
So I can watch that back, HD- Slo-mo

I don't care if it's the first beat  
I'll take ya back to my place  
We can skip first base  
Cuz a playa like me  
Tryna slide into home plate  
Clap clap, make it clap  
Lights on, lights off  
Make it clap  
Yeah  
Make it clap  
My name ain't Santa  
But she sittin' on my lap

Oh, the way that you pop, girl  
Makes me go cray, show me whachya got, girl!  
You could be my new thang  
Oh, the way that you move  
Makes me go cray, do ya luv that drop, girl?  
You could be my new thang  
Get saxy, girl, get saxy  
Get saxy, girl, get saxy  
Get saxy, girl, get saxy

I heard that ya single  
Now ya talkin' my lingo  
Let's play casino  
Bring four friends plus you  
Bingo! ye ain't nuttin' but a flirt  
The way ya bouncin' in that shirt  
It's amaxin' how ya drop it  
Pick it up and still make it work  
Yo body lethal, I might LA freak ya  
Goddamit, that booty fast  
Sittin' high up on yo back  
What the fuck did they feed ya?  
Clap clap, make it clap  
Lights on, lights off  
Make it clap

My name ain't Apple  
But they call me the Mac

Makes me go cray, show me whachya got, girl!  
You could be my new thang
