

# Redlightmusic, Beautiful

I wish we lived these moments forever  
Our wishes were forever only moments  
You know how I felt for you  
I know that I fell for you  
And if I told you that I still loved you  
Would you laugh, cry, or tell me to go away?

Just like colors in the fall  
You're so beautiful  
You're so beautiful  
Just like the colors in your eyes  
You're so beautiful  
You're so beautiful

We had a story for our lives  
Did we have more time for the flurry?  
Our hands together, an endless knot  
You hold them, close never let them go  
And if I told you that I still loved you  
Would you laugh, cry, or tell me to go away?

Just like colors in the fall  
You're so beautiful  
You're so beautiful  
Just like the colors in your eyes  
You're so beautiful  
You're so beautiful

Our crazy story could live on  
Adding to our book of wrongs  
In the end it must come to a close  
The reasons are so obvious I suppose  
And if I told you that I still love you  
Would you laugh, cry, or tell me to go away?

Just like colors in the fall  
You're so beautiful  
You're so beautiful  
Just like the colors in your eyes  
You're so beautiful  
You're so beautiful
