

# Reea, Bohema (feat. Akcent)

for you  
i run a million miles  
cause you  
make me feel complete

and you  
every time you smile  
my love  
I can feel that heat

cause only you  
I can be for your love  
I can live for your love

cause only you  
I can be for your love  
I can live for your love

Bohema, flame  
you wrapped me like a chain  
Bohema, flame  
you wrapped me, you wrapped me like a chain

for you  
I'd swim in a deepest sea  
cause you  
you're all I need

and you  
my high mountain peak  
my love  
you're my only creed
