

# Reea, Rain (feat. Akcent)

Every day where I go  
You're the one I'm searching for  
I realise is not the same  
You're falling out of love

Lovely words but no aim  
Baby you're playing a game  
Cold embrace nothing more  
Your heart is like a stone

Habibi bibile  
I wanna feel the same  
I wanna find my way  
I'm your way I can say  
Baby I'm your way  
Habibi bibile  
I wanna love you babe  
You are my summer rain  
Lovely days every day  
You are my summer rain

Aaaaai  
Habibiille  
Aaaaaai  
Habibiille

No ending rain inside my soul  
I need the days we had before  
I'm torn in half but I won't say  
You take my breath away

Lovely words but no aim  
Baby you're playing a game  
Cold embrace nothing more  
Your heart is like a stone
