

# Reef, Locked Inside

We talked about tripping  
on the way home back in my car  
The things we've been missing  
The things that have happened so far

Time passes by

We talked about tripping  
on the way home back in my car  
I turn to you and listen  
You talk and it make's me smile

Time passes by  
I'm still locked inside

Save me  
Save me  
From this broken car
