Reel Big Fish, Way Back

Going back to the way Going back to the way That it used to be When things were much better Going back to the way Going back to the way That it used to be When we were together

It's been so hard for me To take all the things that come my way It's been so hard but know I say We are

Going back to the way Going back to the way That it used to be When things were much better Going back to the way Going back to the way That it used to be When we were together

I've been alone too long There's no one else I'd rather see Nothing's more right Than you and me So we're

Going back to the way Going back to the way That it used to be When things were much better Going back to the way Going back to the way That it used to be When we were together

Going back to the way Going back to the way That it used to be When things were much better Going back to the way Going back to the way That it used to be When we were together
