

You know there comes a time in every boys life When he has to make a decision  
A decision involving women or girls  
And you know what my decision is girl  
'Cause you know I love you

(Song's not over yet)

I know what you're thinking  
When you're drinking  
And I think the same thing that you do  
Sort of  
We can have a fight  
And talk all night  
About what we drink earlier  
Or what we thought we were thinking

You're my fatal attraction  
I saw you and my heart had a chain reaction  
When I smell your perfume  
It smells like D O O M doom  
and doom backwards is mood

I'm in the mood for you girl  
(He's in the mood for you girl)  
In the mood for you girl  
(He's in the mood for you girl)  
Hope that you will know it's true  
'Cause I am in the mood for you  
I'm in the mood for you girl  
(He's in the mood for you girl)  
In the mood for you girl  
(He's in the mood for you girl)  
In the mood for you girl  
(He's in the mood for you girl)  
Yeah, I am in the mood for you

You know this is the time of day  
When i like to lay down and go to bed 'cause It's night time and id love for you to lay down with me  
'Cause I think you're fantastic
