

# Rehab, Jamie

Can't believe that you want to walk away from me  
can't talk to me, put a restraining order, huh?, on my dog and me?  
why the third degree?

I know I threw the TV but you tried to leave  
I was just hangin' out and you runnin' your mouth  
talkin' bout "you ain't good enough for dirty south"  
you know I tried to beat it down when I'm in the house  
you were the first girl that I ever called a spouse  
cancelled every other call but that ain't good enough  
'cause you ain't satisfied 'less I'm up your butt  
but I'm tellin' you now I can't live without you  
you'll be the last that my heart goes out to  
I been cut to many times to trust again, will I bust again  
will I rust within, our love must a been  
many tried to take me away from you, but I ain't give in  
you're my only friend, the one truly down  
won't you come around, I'm on shaky ground  
I need you back in the crib, I need you back in the car  
if you ain't back in a minute then I'll be back in the bar  
"cause if I'm ridin' alone I'm not ridin' at all  
another death from a broken heart and alcohol  
sittin' here staring at 'cha wedding gown  
all broken down, won't you come around  
Jamie won't you come around  
and care enough to say all those words  
ever on this dream, God will it stay  
Jamie if you come around  
heaven would fall upon the world  
ever on this dream, God do I pray  
Back then when we met, you were stalking' me  
two days, telling me you were in love with me  
pluggin', rubbin' and jumpin' and huggin' me  
I still think you might a been drugging me  
"cause it had been a long time that I ain't felt pain  
I had the feeling I was gonna make you my main  
show you my brain, sharing my name  
and let you enter the world of the most insane  
but you were already there, not washing your hair  
takin' knives to your pale skin everywhere  
feeling lost "cause your ex-boyfriend took a sheet in the crib  
to his neck, and hung his head in the air  
you thought that you were to blame, I said, it wasn't your fault  
you said that God brought me here to you and to heal your heart  
you said, I saved your life, I said, I'm doin' my part  
you said, I'll be your wife, I grabbed the shopping cart  
and it was on, now you're gone and I need you more than ever  
the days are long, the nights take forever  
and even when the sun is out, it's still bad weather  
people ask me how I'm doing, I lie; say, "never better"  
but I'm really scared to get out of the bed so I sleep  
and jump out the sheets when my 2-way beeps  
hoping that it's you saying, "Brooks I was wrong, and I miss you  
baby-doll, I'm comin' back next week"  
(but it isn't)

Jamie won't you come around  
and care enough to say all those words  
ever on this dream, God will it stay  
Jamie if you come around  
heaven would fall upon the world  
ever on this dream, God do I pray  
Jamie...  
won't you come around? won't you come around?  
Jamie won't you come around  
come around

and care enough to say all those words  
ever on this dream, God will it stay  
I pray it will stay  
Jamie if you come around  
come around  
heaven would fall upon the world  
ever on this dream, God do I pray  
do I pray?  
Jamie won't you come around  
come around  
I care enough to say all those words  
ever on this dream, God will it stay  
Jamie if you come around  
heaven would fall upon the world
