

# Remady & Manu-L, If You Believe

If you believe that I believe in you  
And if you would see the things I do for you  
It's because the moments that we share  
It's the only times that I really care  
If you want me too  
Would you take me back to there

If you believe /4x

I know by now the way you work  
And why you do the things you do  
It's not too late  
We still got time  
I'm all alone  
That shouldn't be

So tell me now /3x

If you believe

If you believe that I believe in you  
And if you would see the things I do for you  
It's because the moments that we share  
It's the only times that I really care  
If you want me too  
Would you take me back to there

If you believe /5x
