Remady & Manu-L, Single Ladies (feat. J-Son)

Hey single ladies, I know you like to party
Girl come and kick it with me
Calling all single ladies here tonight
Let?s get it started, whoa, let?s get it started, whoa
Hey single ladies, I know you like to party
Girl come and kick it with me
Calling all single ladies here tonight
Let?s get it started, whoa, let?s get it started, whoa

I got money in the bank so we order couple of drinks
Matter of fact, just bring the bottle throw it up, throw it up
Rock the boat until we sink, lot of fishes in the tank
They surround like 3D sound, but I tell them tear it up
Baby I huff, I puff, I?II blow your house in
In the building like constructions, we don?t need no introductions
Single ladies need no drama, they already baby mamas
So the focus for tonight is just to put it on the floor

Hey single ladies, I know you like to party
Girl come and kick it with me
Calling all single ladies here tonight
Let?s get it started, whoa, let?s get it started, whoa
Hey single ladies, I know you like to party
Girl come and kick it with me
Calling all single ladies here tonight
Let?s get it started, whoa, let?s get it started, whoa
