

# Remady & Manu-L, Waiting For

Think of all times we get through  
We're kings and queens when I met you  
Made a promise never say goodbye  
You gave me wings so I can fly

I've been waiting for  
I've been waiting for  
Don't you know  
That I've been waiting for  
I've been waiting for you!

Don't you know I've been waiting for  
I've been waiting for  
Don't you know I've been waiting for  
I've been waiting for

Tell me what has happened to our dreams  
Right now there's is nothing as it seems  
Why I could see your smile again  
Coz you made me all that I am

I've been waiting for  
I've been waiting for  
Don't you know  
That I've been waiting for  
I've been waiting for you!

Don't you know I've been waiting for  
I've been waiting for  
Don't you know I've been waiting for  
I've been waiting for
