

Reverend Horton Heat, Slow

made up my mind a long time ago
Ain't no reason not to take it slow
It took a long time but I learned what they like
Once you've learned my lesson it's like ridin' a bike

Slow, Slow, learn my lesson
Slow, Slow

I'm the doctor of squeeze and the wizard of slide
Every which way and side to side
It ain't complicated if you follow the rules
Here's what we'll be learnin' at our lovin' school

Slow, Slow, learn my lesson
Slow, Slow, learn my lesson of love

When it seems sometime like it's goin' nowhere
I just kiss you real soft and you're almost there
Drivin' real slow gets you home pretty fast
Keep a cool head gonna make it last

Slow, Slow, learn my lesson
Slow, Slow, learn my lesson of love

Slow
