

# Rhubarb, Zero

You come around  
You get me down  
A promise made  
You stand your ground

Nothing changes after zero  
Every day is my tomorrow

You make a scene  
You offer feeling  
A promise fails  
So bring the day

Nothing changes after zero  
Everything becomes its hero  
Raise the twilight but the day will be the same  
Every day is my tomorrow

Come in the night  
Take me alive  
Fear is low  
Year of the blind
