

Rich The Kid, Blessings

I had to learn in a lesson
Use it all in a second
I made it hail that's the blessing
Get the money not stressin'
You better count yo' blessings, you better count yo' blessings
You better count yo' blessings, you better count yo' blessings
I had to learn in a lesson
Use it all in a second
I made it hail that's the blessing
Get the money not stressin'
You better count yo' blessings, you better count yo' blessings
You better count yo' blessings, you better count yo' blessings

Thankin' God for the breakfast
Pockets stuffed I got extras
Your own friends they'd hate you
Play a bitch like a safety
Gotta thank God for the dinner
Neck on froze like the winter
Broke niggas still runnin' they mouth
Back then used to brick in the house
Look what these bitches a do
Niggas hatin' on me too
Know they see me in the coupe
You better count yo' blessings
I had to learn a lesson
Then she gon' call on me
These bitches is all on me
Couldn't get it by the struggle
In the streets gotta get it ya hustle
Both red bottoms flexin' the muscle
Yeah I gotta get it regardless
Red bag bih run like a Harley
In kitchen I'm a whip it the hardest
Bring it back to the truck where it started

I had to learn in a lesson
Use it all in a second
I made it hail that's the blessing
Get the money not stressin'
You better count yo' blessings, you better count yo' blessings
You better count yo' blessings, you better count yo' blessings
I had to learn in a lesson
Use it all in a second
I made it hail that's the blessing
Get the money not stressin'
You better count yo' blessings, you better count yo' blessings
You better count yo' blessings, you better count yo' blessings

I was juggling in a Lexus
Bitches switch up in a second
I pull up in I8, what you doin' on my I7
Damn [?]
Thank God for a new day
Goyard on the suitcase
I'm in her mouth like toothpaste
Workin' hard and I'm flexin'
Big diamonds on my necklace
Ya boy used to trap in a Lexus
I stack the money like Tetris
Call me one time and its over shit
Driving my rover shit
Get to a milli and over
Yea, I like to trap with the percocets

Get out the dirt
You can make it but you gotta work
Puttin' money all up in my purse
Straight from [?] then church
[?] playa shoutout to my haters
Workin' hard I got new paper
My hoes be comin' in flavors
I told that bitch I'm a a playa

I had to learn in a lesson
Use it all in a second
I made it hail that's the blessing
Get the money not stressin'
You better count yo' blessings, you better count yo' blessings
You better count yo' blessings, you better count yo' blessings
I had to learn in a lesson
Use it all in a second
I made it hail that's the blessing
Get the money not stressin'
You better count yo' blessings, you better count yo' blessings
You better count yo' blessings, you better count yo' blessings
