Tell her pop out to da pull up  
This year like pull up  
And I ball 20 bills up  
Big shots, you can't hit us  
Tell her pull up to the function  
My niggas smokin' that strong shit  
My niggas juggin' them onions  
My niggas shoot no discussion  
Real front niggas will drum ya  
When its drama time you can't be runnin'  
I went down so I had to start juggin'  
Hittin' licks till I make it  
Ain't go down for the shit I was doin'  
No face, no cake shit  
So I only went far as the [?]  
I thank God everyday  
But that's enough about me  
Thinkin' that she my new favorite  
Shawty anything but basic  
Girl you ain't stupid, but that cake is  
Put Burberry on my main shit  
Burberry be a fragrance  
Burberry around my waist  
Bitches know they can't replace it  
We done run in basement  
We done run on the stages  
Now shawty wanna a conversation  
Told her I don't do no dating  
But my shawty flexing like pull-ups  
Baby pop out to da pull up  
Pour you a cup of that good stuff  
The Hennessy give me good love

Tell her pop out to da pull up
