

Rich The Kid, Wrong Thing (feat. NAV)

(Run that money counter baby)
Aye, who the fuck is Marquise?

Got the Rolls Royce, it's a truck (It's a skrrt)
Got a half a million dollars in the cut (Half a what)
Got a lil' blonde bitch tryna fuck (Tryna fuck)
All these hoes on me 'cause I ran it up (Yeah, yeah, yeah)
I just copped the skelly, it's a AP
I just met the plug, he in Beijing (Plug)
Put some ice on her, now she skating (Skating)
Yeah, she think I love her, it's the wrong thing

Bet I press the button and it start up (Skrrt, skrrt)
Niggas they be cappin', they can't flex like us (Cap)
Pull out the Bentley, park the Porsche up (What?)
Yo bitch, she ugly
My bitch iced up (Hol' up, hol' up)
I could teach you lil' niggas how to make a mill'
All my niggas rich, but why they trappin' still?
Boy, you still broke, you signed the wrong deal
I might just start trippin', took the wrong pill
Bitch, you ain't a boss, you just a worker
Ain't nothing but bosses in my circle
You niggas talkin' like them hoes do
The AP, it got dance moves

Copped the Lambo', it's a truck
Poured a quarter million dollars in my gut
She got real hair, fake ass, I'm trying to fuck
She want the brown boy 'cause I run it up
I may cop a Richard worth a milli'
Some people in my city want to kill me
My shooter got a forty and it's filthy
And he gon' hold the charge if he guilty
Countin' money, don't you ever count me out
I can get you pure cocaine in a drought
Smoking gas, propane in my mouth
Talkin' facts, I'll take racks over clout
(I'll take racks)
