

# Richie Kotzen, Fantasy

Love wasn't love until you came around  
I can't keep my focus life isn't life unless  
You come around  
Tell me what have I become  
You make me feel how I shouldn't feel  
How can I get away  
I gotta know what I'm living isn't some kind of dream

Oh oh oh won't you tell me is it a  
Fantasy is it a fantasy  
Oh oh oh won't you tell me is it a  
Fantasy are you my fantasy

Touch wasn't touch until you came around  
I can't let you change me  
Why when I try to kick you out you just  
Make me sober  
You like a flame always burning but you  
Never burn out  
I'll never get away  
I try to leave but when I try somehow you keep me around
