

Richie Kotzen, Get Up

Blood on my face I'm lying in the street
How did I get so down
I live in a black hole I'm dying and my wear
How did I get so down
My heros poisoned my mind you see
My god is playing with fire and I'm burning
My head is down to the ground and the
Voices are saying
Do what you gotta do..

Get up get up get up and do something
Get up get up when they kick you down
Get up get up get up and do something
Get up get up Get up

Light on my blind eyes I know ill never see
How did I get so down
I live in the shadow you never hear me
Speak how did I get so down
My hero poisoned my mind you see
My god is playing with fire and I'm burning
My head is down to the ground anthe
Voices are saying.
