

Rick Astley, Dippin My Feet

I'll keep on working until the sun goes down
I'll keep on smiling, I'll be your circus clown
I'll keep on smiling and working and smiling for you

I'll keep on dreaming until the dreaming's done
I'll keep believing till something better comes
I'll keep on dreaming and smiling and dreaming
Of you, just you

I've seen those city boys
They dream in black and white
And all they ever want to do is fight fight fight
I've seen those city boys
They dress and talk the same
I wouldn't trust them with the pouring rain
Some day you may find me by the Mississippi River
Dippin my feet in the cool cool water
Some day you may find me by the banks of the river
Dippin my feet in the cool cool water
I'll keep on dancing until my feet they bleed
I'm shadow boxing until your heart concedes
I'll keep on dancing and boxing and dancing
For you, just you

I've seen those city boys
They dream in black and white
And all they ever want to do is fight fight fight
I've seen those city boys
They dress and talk the same
I wouldn't trust them with the pouring rain
Some day you may find me by the Mississippi River
Dippin my feet in the cool cool water
Some day you may find me by the banks of the river
Dippin my feet in the cool cool water

Slide to the left
I'm gonna pick my moment when it feels the best
I'm gonna slide over to the right
I'm gonna find my space in the morning light
I'm gonna slide to the left
I'm gonna pick my moment when it feels the best
I'm gonna slide over to the right
I'm gonna find my space in the morning light
I'm gonna

Some day you may find me by the Mississippi River
Dippin my feet in the cool cool water
Some day you may find me by the banks of the river
Dippin my feet in the cool cool water
